

Genuine Accessories V-Class.

# Genuine Accessories.

## Safety and quality.

At Mercedes-Benz the vision of accident-free driving is paramount. Because where Mercedes-Benz vehicles are concerned, we take the same uncompromising approach to safety as we do to driving pleasure. There are no compromises when it comes to developing the range of Genuine Accessories either. Perfectly tailored to your vehicle and extensively tested by our engineers, the products not only make an active contribution to your safety but also protect other road users. The star has always signified allure, perfection and responsibility - attributes which are also reflected in the quality of our accessories, all of which further enhance our vehicles' style or sportiness - not to mention their already outstanding comfort. That special sense of design and attention to detail make a vehicle a true Mercedes-Benz. From that first outward impression to the inner attributes. Quality you can sense: jut by looking, listening, touching - and of course driving.

Please note: changes may have been made to the product since this brochure went to press (December 2019). The manufacturer reserves the right to make changes to the design, form, colour or specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations and descriptions may include accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure may also contain models and services which are not available in certain countries.

This Brochure is prepared by Daimler AG and it predominantly reflects the capabilities and performance of vehicles sold in Europe. Some characteristics, capabilities, performance features and optional extras (e.g. towing systems) may not be available or may not apply in Australia or under Australian conditions. The information in the Brochure is therefore indicative, illustrative and provided only for guidance and should not be relied on. To obtain current and accurate information on a vehicle and any options applicable to Australia, contact your local authorised Mercedes-Benz Vans retailer.
